## **1.0 Background**

1.1 The Local Self Government Department (LSGD) under the Urban Governance Department of Government of Rajasthan (GoR) is executing the Rajasthan Urban Sector Development Investment Program (RUSDIP) in fifteen (15) towns namely, Alwar, Baran-Chhabra, Barmer, Bharatpur, Bundi, Chittorgarh, Churu, Dhaulpur, Jaisalmer, Jhalawar-Jhalrapatan, Karauli, Nagaur, Rajsamand, SawaiMadhopur and Sikar with financial assistance from Asian Development Bank (ADB) under Multi Tranche Financing Facility (MFF). The investment program covers major urban infrastructure works viz., Water Supply, Waste Water Management, Solid Waste Management, Urban Transport and Roads, Social Infrastructure, Support Infrastructure for Cultural Heritage and Urban Drainage. The program period is for seven (7) years i.e., up to 2014 starting in 2008. It is expected that the investment program would improve infrastructure through the development, design and implementation of a series of subprojects, each providing improvements in a particular sector (water supply, sewerage, solid waste etc) in each town.

1.2 Tranche-I of Investment Program covers Alwar, Jaisalmer and Jhalawar/Jhalrapatan towns and is currently under construction stage. Tranche-II and Tranche-III cover the remaining 12 towns namely, Bharatpur, Karauli, Dholpur, SawaiMadhopur, Churu, Sikar, Barmer, Nagaur, Chittorgarh, Rajsamund, Bundi and Baran-Chhabra. They are under different stages of project preparation and implementation. The Investment Program is intended to optimize the socio economic development in district headquarters and towns, improve the urban environment cum living conditions as well as increment in tourism activities.

1.3 The Investment Program Management Unit (IPMU), headed by Project Director with assistance by experienced Engineering and Finance officers, is responsible for project execution, implementation and management cum supervision of sub-projects.

## **2.0 Objective**

The main objective of the Investment Program is to reduce poverty levels in the State.

## **3.0 Short Resettlement Plan (SRP)**

3.1 Project and project components (sub-projects) assisted by ADB warrants safeguards in the form of Involuntary Resettlement Plan in order to address adverse social impacts such as losses of land, resources, and means of livelihood or social support systems. The Executing Authority recognized the need to address involuntary resettlement and accordingly prepared "The Policy Framework and Entitlements for the program based on national laws: *The Land Acquisition Act, 1894* (LAA, amended in 1984), and the National Resettlement and Rehabilitation Policy, 2007 (NRRP); ADB's *Policy on Involuntary Resettlement*, 1995; and the agreed Resettlement Framework (RF). Subsequently, Short Resettlement Plan was prepared for each sub-project. This Quarterly Progress Report is for those sub-projects which are currently under construction phase.

## 5.0 SRP Implementation Progress of sub projects–

### 5.1 Alwar Water Supply Package No.RUSDIP/TR-01/ALW-JHL/WS-01 Lot-1 (Alwar)

1	Introduction	
a)	Description of ongoing sub-project	Replacement of inefficient pumping machinery in 69 tube wells, replacement of 19 centrifugal pumps including electrical equipment, laying of rising mains for tube well in 13.15 km; construction of 4 chlorinator rooms including installation of machines.
b)	List of Sub-Projects with Resettlement and/or Indigenous Peoples(IP) Impacts	No R&R issues involved.
2	Physical progress of sub-projects with Resettlement and IP Impacts	
a)	Engineering Progress	<ul style="list-style-type: none"> <li>• Replacement of pumping machinery of 69 TWs completed</li> <li>• Replacement of 19 numbers centrifugal pump completed</li> <li>• 35 nos. stand-by submersible pump set delivered.</li> <li>• Construction of 4 nos. chlorinator rooms completed</li> <li>• uPVC rising main for tube well – completed</li> <li>• NO PENDING WORK</li> </ul>
b)	Ground Clearing	Done as per requirement

c)	Land acquisition	Not applicable
d)	Structure Demolition Progress	Not applicable
<b>3</b>	<b>Resettlement and/or IP Development Plan Scope</b>	
a)	Determination of actual scope of Land Acquisition and Resettlement	Not applicable
b)	Determination of actual impacts to Indigenous Peoples	There is no impact on IPs
c)	Difference from scope of impacts from the Resettlement Plan or IP Development Plan(IPDP)	Not applicable
<b>4</b>	<b>Institutional Arrangements</b>	
a)	Key Organizations involved in RP/IPDP Implementation	IPMU, IPMC, IPIU, DSC and NGO.
b)	Progress on Activities Implemented by Other Organizations	There is no other organization involved; the key organizations are Involved in designing, construction activities, supervision and monitoring
c)	Specific Implementation Arrangements for IPs.	Not applicable
<b>5</b>	<b>Compensation Rates, Payment and Assistance Delivery</b>	
a)	Compensation Rates for Land	Not applicable
b)	Resettlement Allowances	Not applicable
c)	Standing Crops and Trees etc.	Not applicable
d)	Compensation for Structures and Allowances for Relocation	Not applicable
e)	Allocation and Utilization of Resettlement Compensation	Not applicable
f)	Payment Delivery to Affected Groups and Individuals	Not applicable
g)	Assistance Delivery to Affected IPs.	Not applicable
<b>6</b>	<b>Status of Land Acquisition, Resettlement and Reconstruction</b>	
a)	Adjustment and Redistribution of Land	Not applicable
b)	Structure Relocation and Reconstruction	Not applicable
c)	Restoration of Affected Public Infrastructure and Facilities	Not applicable
d)	Restoration of Land used for Construction-related Activities	Construction is in process and land is being restored as and when construction activity is over in a particular stretch
e)	Implementation Progress of Income Restoration Activities	Not applicable
f)	Support to Vulnerable Groups	Not applicable
g)	Implementation Progress of Specific Measures for IPs.	Not applicable
<b>7</b>	<b>Consultation and Disclosure Activities and Grievance Procedures</b>	
a)	Consultations on Compensation Standards and Fees, Relocation Option etc	As no R&R issue is involved there is no need for such consultation
b)	Specific Consultations Conducted with IPs on the Project, its Impacts and Assistance to IPs.	Not applicable as there is no IP

c)	Grievances Received and Actions Taken to Address Them	Not yet received
<b>8</b>	<b>Problems and Future work Plan</b>	
a)	Problems Encountered and Solutions Provided	No problem faced in this sub-project as of today
b)	Future Work Plan (Staffing, Training and Work Schedules)	Not required

## 5.2 Alwar Water Supply Package No.RUSDIP/TR-01/ ALW/WS-02

<b>1</b>	<b>Introduction</b>	
a)	Description of ongoing sub-project	Construction of 9 OHSRs, 2 CWRs, laying of 75 km distribution pipeline and 11 km rising main pipeline.
b)	List of Sub-Projects with Resettlement and/or Indigenous Peoples(IP) Impacts	R&R issues involved are temporary in nature.
<b>2</b>	<b>Physical progress of sub-projects with Resettlement and IP Impacts</b>	
a)	Engineering Progress	<p><b><u>OHSR and CWR under progress-</u></b></p> <ul style="list-style-type: none"> <li>• OHSRs at TejMandi: - Complete except minor finishing work like final painting, plinth protection.</li> <li>• OHSRs at Scheme No.: 2 - Complete, Water tightening test under progress</li> <li>• OHSRs at Manu Marg: - RCC work Completed.</li> <li>• OHSRs at Ashok Vihar: - RCC work completed &amp; Water tightening test under progress.</li> <li>• OHSR Scheme No 10: - Top dome in progress.</li> <li>• OHSRs at PratapSchool: - II<sup>nd</sup> lift Vertical Wall Completed.</li> <li>• OHSRs at Kala Kuan: - III<sup>rd</sup> Brace completed.</li> <li>• OHSRs at Jodha Patel Nagar: - Ist Brace Completed.</li> <li>• CWRs at Ladia ground: - Vertical Wall Completed.</li> <li>• CWRs at Kala Kuan : Decision yet to taken on capacity of CWR</li> </ul> <p><b><u>Pipe Laying</u></b></p> <ul style="list-style-type: none"> <li>• 9.2 km of rising main pipe line laid and 53.20 km distribution main laid</li> <li>• CWRs at Kala Kuan : Decision yet to taken on capacity of CWR</li> </ul>
b)	Ground Clearing	Done as per requirement
c)	Land acquisition	Not applicable
d)	Structure Demolition Progress	Not applicable
<b>3</b>	<b>Resettlement and/or IP Development Plan Scope</b>	
a)	Determination of actual scope of Land Acquisition and Resettlement	Not applicable
b)	Determination of actual impacts to Indigenous Peoples	Not applicable

a)	Key Organizations involved in RP/IPDP Implementation	IPMU, IPMC, IPIU, DSC and NGO.

b)	Progress on Activities Implemented by Other Organizations	There is no other organizations involved ;the key organizations are involve in designing, construction activities, supervision and monitoring
c)	Specific Implementation Arrangements for IPs.	Not applicable
<b>5</b>	<b>Compensation Rates, Payment and Assistance Delivery</b>	
a)	Compensation Rates for Land	Not applicable
b)	Resettlement Allowances	Yet to be paid work in progress. ID cards have been issued to 2Aps who would be affected.
c)	Standing Crops and Trees etc.	Not applicable
d)	Compensation for Structures and Allowances for Relocation	Not applicable
e)	Allocation and Utilization of Resettlement Compensation	Yet to be done
f)	Payment Delivery to Affected Groups and Individuals	Yet to be paid
g)	Assistance Delivery to Affected IPs.	Not applicable
<b>6</b>	<b>Status of Land Acquisition, Resettlement and Reconstruction</b>	
a)	Adjustment and Redistribution of Land	Not applicable
b)	Structure Relocation and Reconstruction	Not applicable
c)	Restoration of Affected Public Infrastructure and Facilities	Not applicable
d)	Restoration of Land used for Construction-related Activities	Construction is in process and land is being restored as and when construction activity is over in a particular stretch.
e)	Implementation Progress of Income Restoration Activities	Yet to be implemented
f)	Support to Vulnerable Groups	Not applicable
g)	Implementation Progress of Specific Measures for IPs.	Not applicable
<b>7</b>	<b>Consultation and Disclosure Activities and Grievance Procedures</b>	
a)	Consultations on Compensation Standards and Fees, Relocation Option etc	Consultations were conducted and 14 Days compensation for the loss of their income was decided.
b)	Specific Consultations Conducted with IPs on the Project, its Impacts and Assistance to IPs.	Not applicable
c)	Grievances Received and Actions Taken to Address Them	No grievance has been received
<b>8</b>	<b>Problems and Future work Plan</b>	
a)	Problems Encountered and Solutions Provided	No problem faced in this sub-project as of today
b)	Future Work Plan (Staffing, Training and Work Schedules)	It is being made as reflected in the SRPs of the sub-project

### 5.3 Alwar Waste Water Package No. RUSDIP/TR-01/ALW /WW/02 (Lot-1)

<b>1</b>	<b>Introduction</b>	
a)	Description of ongoing sub-project	Providing, Laying, Jointing Testing and Commissioning of outfall / trunk sewers of 800 to 1200 mmdia RCC pipe including construction of all necessary manholes, appurtenance, etc. and restoration of road as per detailed specification in Alwar.
b)	List of Sub-Projects with Resettlement and/or Indigenous Peoples(IP) Impacts	R &R issues are temporary in nature for this lot.
<b>2</b>	<b>Physical progress of sub-projects with Resettlement and IP Impacts</b>	
a)	Engineering Progress	<ul style="list-style-type: none"> <li>• Confirmatory Survey completed.</li> <li>• Manufacturing of pipes started and about 4.1 Km pipe of 800 and 1200 mmdia has manufactured. 2.0 Km procured at site.</li> <li>• 0.5 Km pipe of 1200mm dialaid.</li> <li>• Permission for tree cutting has been taken.</li> </ul>
b)	Ground Clearing	Done as per requirement
c)	Land acquisition	Not applicable
d)	Structure Demolition Progress	Not applicable
<b>3</b>	<b>Resettlement and/or IP Development Plan Scope</b>

b)	Future Work Plan (Staffing, Training and Work Schedules)	It is being made as reflected in the SRPs of respective sub-projects

#### 5.4 Alwar Waste Water Package No. RUSDIP/TR-01/ALW /WW/01 (Lot 2)

<b>1</b>	<b>Introduction</b>	
a)	Description of ongoing sub-project	Laying of 1000 mmdia sewer line by trenchless technology in 1.5 km length
b)	List of Sub-Projects with Resettlement and/or Indigenous Peoples(IP) Impacts	No R &R issues as such.
<b>2</b>	<b>Physical progress of sub-projects with Resettlement and IP Impacts</b>	
a)	Engineering Progress	<ul style="list-style-type: none"> <li>• 1550 m HDPE pipe procured at site.</li> <li>• 1000 m pipe laid– rest laying under progress</li> </ul>
b)	Ground Clearing	Not yet done
c)	Land acquisition	Not applicable
d)	Structure Demolition Progress	Not applicable
<b>3</b>	<b>Resettlement and/or IP Development Plan Scope</b>	
a)	Determination of actual scope of Land Acquisition and Resettlement	Not applicable
b)	Determination of actual impacts to Indigenous Peoples	There is no impact on IPs
c)	Difference from scope of impacts from the Resettlement Plan or IP Development Plan(IPDP)	Not applicable
d)	Status and Plan of RP update	Approved by ADB on 27.4.09.
<b>4</b>	<b>Institutional Arrangements</b>	
a)	Key Organizations involved in RP/IPDP Implementation	IPMU, IPMC, IPIU, DSC and NGO.

b)	Progress on Activities Implemented by Other Organizations	There is no other organizations involved; the key organizations are involved in designing, construction activities, supervision and monitoring
c)	Specific Implementation Arrangements for IPs.	Not applicable
<b>5</b>	<b>Compensation Rates, Payment and Assistance Delivery</b>	
a)	Compensation Rates for Land	Not applicable
b)	Resettlement Allowances	NA
c)	Standing Crops and Trees etc.	Not applicable
d)	Compensation for Structures and Allowances for Relocation	Compensation not required for permanent structure as method of construction has been changed to avoid demolition of that structure ( Trenchless technology)
e)	Allocation and Utilization of Resettlement Compensation	Not applicable
f)	Payment Delivery to Affected Groups and Individuals	Yet to be paid
g)	Assistance Delivery to Affected IPs.	Not applicable
<b>6</b>	<b>Status of Land Acquisition, Resettlement and Reconstruction</b>	
a)	Adjustment and Redistribution of Land	Not applicable
b)	Structure Relocation and Reconstruction	Not applicable
c)	Restoration of Affected Public Infrastructure and Facilities	Not applicable
d)	Restoration of Land used for Construction-related Activities	Not applicable as of today
e)	Implementation Progress of Income Restoration Activities	Yet to be started
f)	Support to Vulnerable Groups	Not applicable

### 5.7 JHALAWAR WATER SUPPLY Package No. RUSDIP/TR-1/ JHL/ WS -02

SN	Jhalawar Water Supply Sub-Project	
<b>1</b>	<b>Introduction</b>	
a)	Description of ongoing sub-project	To improve the quality of life and health of the community good quality and sufficient quantity of potable water is a basic need. Existing water supply scheme, as reported, is insufficient. Most of the pipes are leaking at various locations. Some of the areas have low water pressure. Some equipments are also very old. The new design has been prepared to sort out these problems. This Short Resettlement Plan has been prepared for this sub-project involving land acquisition issue if any or involuntary resettlement impacts.

Whose distribution would be as follow</p> <p><b>Motor GarageArea(Jhalawar)</b> - 4 Temporary shops would havetemporary impact on livelihood. But during subsequent visit in that site with PHED Officials, it was found that due to construction of drainage line by the local department, four affected persons have already shifted their business in a permanent building beyond the ROW. So during execution of the current work there will not be any impact on these APs.</p> <p><b>Bus Stand Area(Jhalrapattan)</b> Previously four APs name were mentioned; but now it has been decided by concerned Dept that existing pipelines would be used in that area. So, no person will be affected.</p>

<b>SN</b>		<b>Jhalawar Water Supply Sub-Project</b>
		<p><b>In GopalGhatRoad,Jhalrapattan-</b> Previously 11 APs name were mentioned in SRP. To minimize the IR Impact (considering the narrow space on either side of the road), new alignment has been finalized after consultations with the locals and with PHED dept. Therefore, accordingly, now the new alignment works traverse through one piece of private land. The owner of this land has given his written consent for this pipeline work</p> <p>So, finally, in Jhalawar and Jhalrapattan Water Supply scheme, during execution of work impact will be on two households now.</p> <ul style="list-style-type: none"> <li>• one person whose standing crop will be lost and</li> <li>• another small part of structure would be lost during laying of pipeline.</li> </ul> <p>Identity cards have been distributed to these 2 affected persons dated 3<sup>rd</sup> Sept 2009.</p>

## 6.0 SRP Implementation Monitoring

### Identified Indicators for Monitoring SRP Implementation

- Public Information and Disclosures of SRP in local vernacular
- Distribution of AP's Identity Cards
- CapacityBuilding Interventions
- Employment of APs in Project Civil Works
- Grievance Redressal Committee (City Level Committee- CLC to doubly act as GRC).

***A format has been circulated to all Assistant Community Officers' ACOs stationed at different subproject towns to monitor the progress of RP implementation against above mentioned parameters. (Format attached as annexure - 1) Summary Status of***

### SRP implementation *Tranche 1*

#### Status of Distribution of ID cards to affected persons

Town	Sub project	Total AP	Card Distributed	Pending
Alwar	Water supply	2	2	0
	Waste water	15	10	5
	ROB	3	3	0
	Solid waste management	0	0	0
Jaisalmer	Water supply	23	15	8
	Waste water	23	15	8
	Drainage	0	0	0
	Solid waste management	0	0	0
Jhalawar – Jhalarpatan	Water supply	2	2	0
	Solid waste management	0	0	0

- It has been found for pending cases of ID - card distribution in Jaisalmer (8) and Alwar (5), the APs could not be traced as they were mobile vendors who probably have shifted voluntarily to some other place however the I.D Cards are prepared and will be distributed whenever person will come back to its place within project cycle.
- The 23 APs in Jaisalmer water supply and waste water sub projects are common and most likely the construction work of water supply and waste water may take place together so that one time assistance money may be disbursed among the APs. However, if both the works do not take place simultaneously, then the assistance money as decided for each subproject has to be disbursed separately as the 23 APs would be temporarily affected as and when the construction works start.

The CAPP report is attached for further reference where record of all the public consultation meetings and other activities is presented.

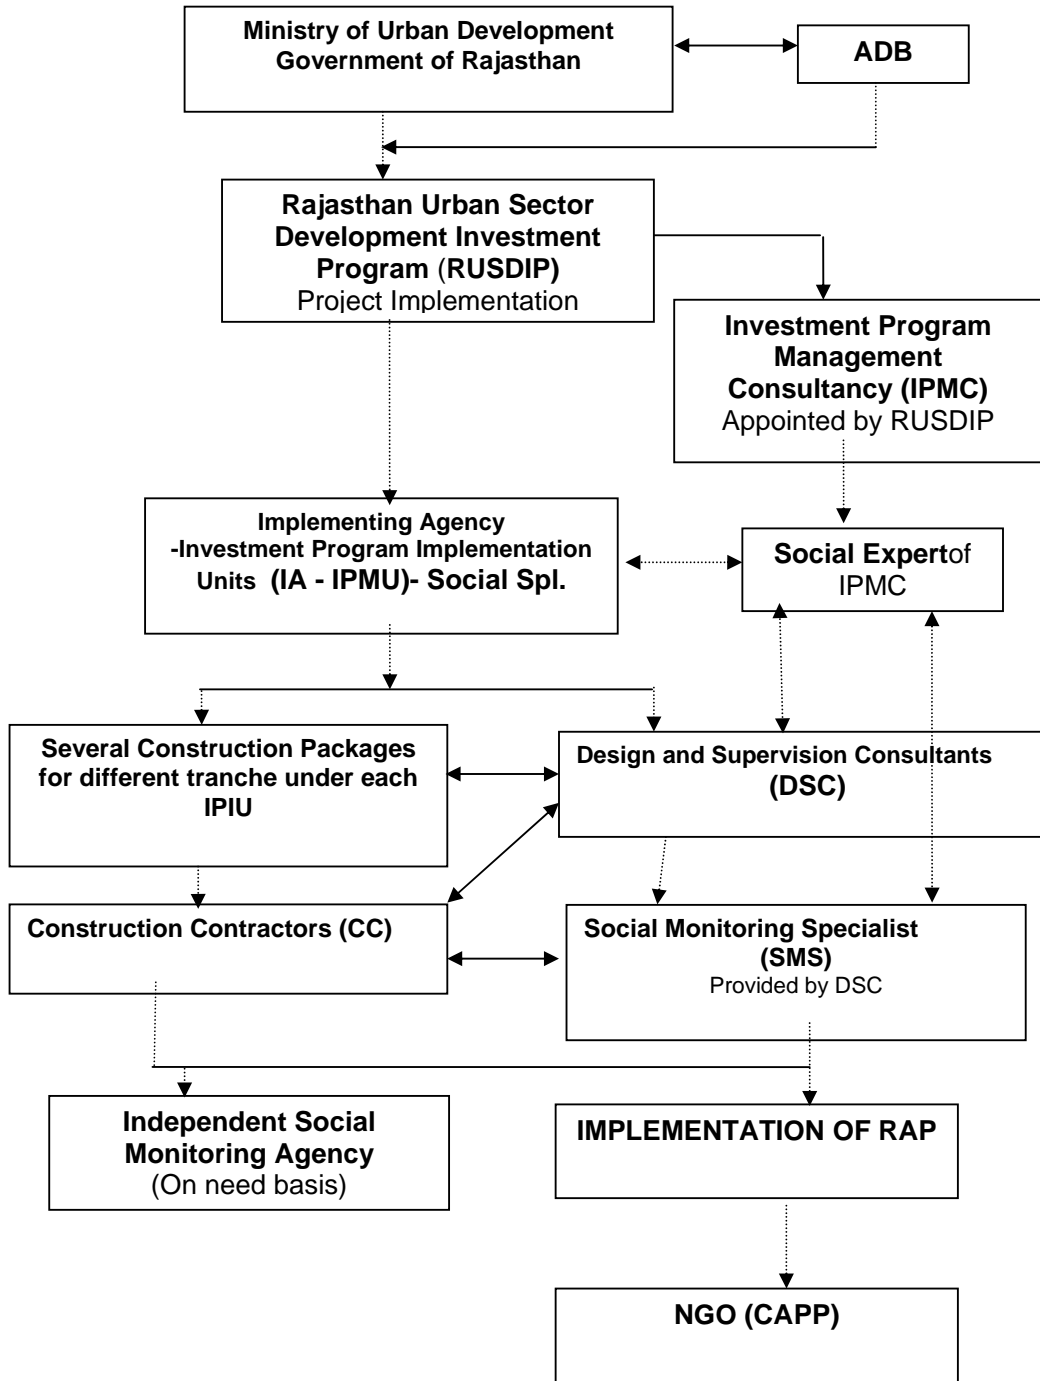

**Tranche -2**

<b>S. No</b>	<b>Sub Project</b>	<b>Total APs</b>	<b>Card Distributed</b>	<b>Pending</b>

Some vendors probably have shifted voluntarily to some other place for better business opportunity. However the I.D Cards are being prepared and kept ready and would be distributed if the APs comes back to its place within project cycle.

7.0 Institutional Arrangement

Social Organization within RUSDIP

## 8.0 Grievance Redress Process

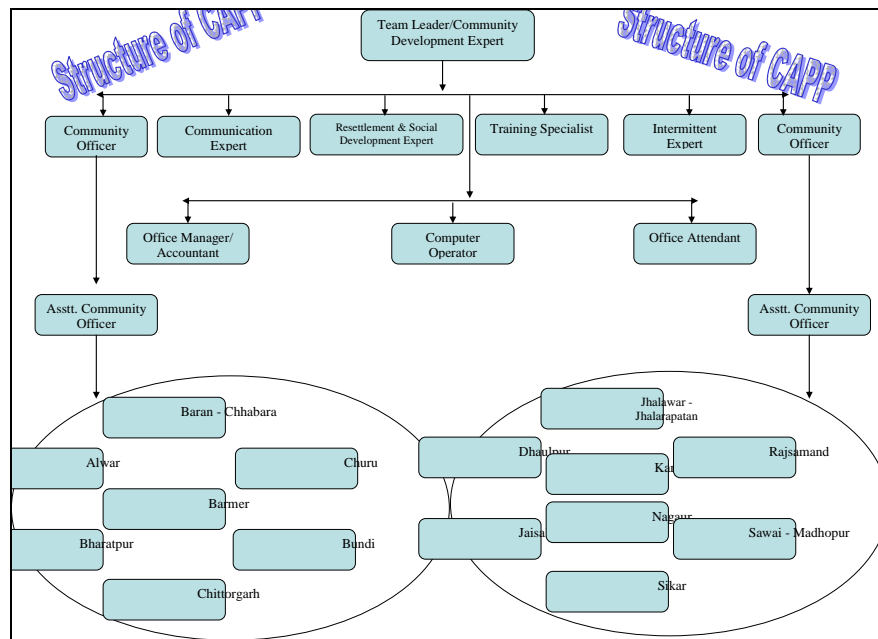

## 9.0 Implementing Agency NGO – CAPP activities (Community Action and Participation Programme)

The institutional arrangement for the implementation of SRP required the engagement of a Non-Governmental Organization (NGO). The IPMU engaged - Indian Institute of Rural Management (IIRM) Jaipur, is consultant for Community Action and Participation Program (CAPP), mobilized on 2<sup>nd</sup> August 2008, a Jaipur based NGO for the implementation of SRP. This report provides progress of the implementation of SRP for following sub-projects.

### 9.1 Organizational Structure

This organization was mobilized on 2<sup>nd</sup> August 2008. The head quarter is at Jaipur and the organizational structure is as follows.

## 9.2 Activities

The various activities of this NGO have been as follows:

- To identify key stakeholders and consult closely with them on their views about the project and resettlement effects, including the people likely to get affected
- To identify any vulnerable groups (for example the very poor, those without formal title, pastoralists, households headed by women, indigenous peoples, isolated groups, the disabled) who might require special assistance and consult with them.
- To provide assistance to APs for opening bank account in case they do not have any.
- To disburse the assistance money (in cheques) among APs.
- To help in building capacity of APs to address resettlement issues if any
- To develop appropriate set of indicators for gathering and analyzing information on resettlement impacts; the indicators shall include but not limited to issues like budget and timeframe regarding land acquisition if any, relocation of APs if any, delivery of entitlement packages, living standards and level of satisfaction by the APs in post resettlement period.
- To review the laws, regulations and directives of the government that apply to land acquisition and resettlement, including for those without formal title.
- To review the prepared time-bound RP with appropriate provisions and sources of Funding.
- To review the working of institutional framework that have been delegated responsibilities for preparation of the detailed assets inventories, provide compensation, undertake relocation work, take responsibility for income restoration, supervise, manage and monitor the implementation of land acquisition and resettlement. This includes the environmental and social management and monitoring for the resettlement process. And to recommend an institutional strengthening strategy and/or formation and training of a resettlement unit within the executing agency, if required.
- Prepare and presentation of Base Line Report and Monitoring and evaluation plan for consensus of all concerned authorities. This will include filled up formats for collection of data during quarterly review of the project.
