Completed by (name):	<i>Safia Shafiq</i>		
Position and contact information:	<i>ESS Manager</i>	Date:	<i>August 29, 2008</i>
Reporting period: mm/dd/yyyy to mm/dd/yyyy	<i>01/01/2008 to 09/01/2008</i>		

Portfolio Information

Exposure by Industry Sectors

Please completely list the sectors where the fund invests and provide an indicative % of portfolio.

Industrial Sector	Indicative % of portfolio
Animal Production	
Apparel	
Chemicals	20%
Collective Investment Vehicles	
Common Carriers	
Construction and Real Estate	
Consumer Goods	
Crop Production	
Electrical Equipment, Appliances and Components	
Fabric Mills	
Fabricated Metal Product Manufacturing	
Finance & Insurance	
Finishing (Dyeing, Printing, Finishing, etc.)	
Fishing	
Food & Beverages	
Forestry	
Furniture and Related Products	
Integrated Textile Operation (Spinning, Weaving/Knitting, but no Garment)	
Internet Projects	
Leather and Allied Products	
Machinery and Other Industrial	
Nonmetallic Mineral Product Manufacturing	
Oil, Gas and Mining	

Plastics & Rubber	
Primary Metals	
Printing & Publishing	
Pulp & Paper	
Spinning (Yarn, Including Integrated with Fiber Production)	
Telecommunications	
Textiles - Others	
Transport Service	44%
Transportation Equipment	
Utilities	
Warehousing & Storage	
Wholesale and Retail Trade covering any of the following. Gasoline stations, dry cleaners, printing, large auto and truck fleets, photographic film processing and any operations involving the use of any chemical of biological wastes or materials	
Wood Products	
Advertisement	20%
Broadcasting	16%

Information on exposures

Please list all new and existing exposures (please add rows as needed):

Company name, location	Industry sector¹	Description of project/company²	Investment type	Envt category	Environmental issues at approval	Current environmental status/any changes since last report
<u>New</u>						
Engro Polymer & Chemicals Ltd. (EPCL)	Chemicals	<p>EPCL is a leading petrochemicals company of Pakistan producing different grades of PVC resins. Financing is provided for expansion and backward integration project comprising of :</p> <ul style="list-style-type: none"> – Construction of second PVC plant of capacity 50,000 Tpa to enhance total capacity of EPCL to 150,000 Tpa; – Dismantling, shipping and re-construction of second-hand EDC/VCM plant from USA; – Construction of new chlor-alkali plant to produce chlorine (the basic raw material for EDC production) and caustic soda (saleable by-product); and – Establishment of 65 MW combined cycle gas-fired power plant. 	Ordinary Shares	B	The due diligence of EPCL was based upon the EIA report, findings of the Environmental and Social Review carried out by IFC and EPCL's documents/reports. EPCL is compliant with national environmental and labour regulations. The Company has agreed upon an ESAP with IFC, which is being followed.	On track
Optimus Ltd.	Transport Service	<p>Optimus is a land transportation and vehicle lease rental company operating from eight cities in Pakistan. It is the exclusive licensee of the Hertz franchise in Pakistan. Optimus operates three separate businesses: Hertz Lease, offering full service operating leases to corporations</p>	Ordinary Shares	C	No major environmental or social issues were identified. The company is compliant with national environmental and labour laws. The following are recommended for the remaining period of JSPE investment:	On track

¹ Please use any standard classification or the sectors listed in the earlier table

² Please describe the nature of the business activity of the project or activity being financed.

		<p>and individuals; Hertz Rent-a-Car; and taxi services under the Redtop Cabs brand. Financing is being provided for converting Optimus from an operating lease company to a vehicle leasing company holding a leasing license. The funds will be used for:</p> <ul style="list-style-type: none"> - Acquisition of leasing company; - Acquisition of Fleet Management System; and - Expansion of existing fleet. 			<ul style="list-style-type: none"> - Monitoring the company's operations for any unforeseen environmental or social concerns that may emerge in future; - Reviewing the HR Policy as it is developed to ensure that requirements of IFC's PS 2 (Labour and Working Conditions) are fulfilled; and - Assessing Optimus' maintenance and repair facilities (currently being established) for possible adverse environmental impacts. 	
Signsource Ltd.	Advertisement	<p>Signsource is an Out of Home ("OOH") advertising company with its head office in Karachi and regional offices in Lahore and Islamabad. The Company has been operating a nationwide network of billboard sites since its incorporation in May, 1999. The scope of the transaction with JSPE is expansion capital. Proceeds will be utilized for:</p> <ul style="list-style-type: none"> - Deployment of street furniture; - Expansion into place based advertising; - Upgradation of static billboard sites to Multi-Flips; and - Organizational restructuring. 	Ordinary Shares	C	<p>The project is not expected to have any significant environmental or social impacts. Recommendations for duration of JSPE financing are:</p> <ul style="list-style-type: none"> - Work with Company's management to improve the occupational safety of contractual labour; - Review Signsource's draft HR Policy to ensure that all aspects of IFC's PS 2 are addressed; and - Maintain an appropriate level of oversight for the duration of JSPE investment to ensure that unforeseen environmental or social issues do not arise. 	

Sachal Radio	Broadcasting	<p>Sachal Group owns 16 radio station licenses – 14 IN Sindh and 1 each in Balochistan and NWFP. Currently, it covers 29% of Pakistan’s population and is aiming to be a national network covering more than 60% of the population. Key reasons for investment are strong growth in advertising spend, a fragmented FM Radio sector, a high barrier to entry. Proceeds will be utilized for:</p> <ul style="list-style-type: none"> – Organizational restructuring; – Capacity building (set-up of non-operational radio stations, upgradation of current operational systems and network centralization) – Brand building 	Preference Shares	C	No major environmental or social issues were identified during the preliminary due diligence (review of company documents)	The company’s management is being changed and a detailed E&S due diligence exercise will be undertaken when the new management is on board.
<i>Existing</i>						

Social & Environmental Management System (SEMS) Information

Policies & Processes	Yes/No	
Have there been any updates to the Environmental Policy adopted by your organization?	No	<p>If yes, please provide a copy of the updated policy including date when it was issued and reasons for the same.</p> <p><i>The current policy was issued on 05/17/2007.</i></p> <p><i>JSPE's Environmental Policy</i> <i>JSPE will comply with standards issued by IFC on social and environmental impacts of the investments made by the Fund in target companies and will actively promote corporate governance in its own activities and in its investee companies;</i></p> <ul style="list-style-type: none"> ▪ <i>Ensuring that all activities undertaken by the Fund are consistent with Applicable Requirements</i> ▪ <i>Ensuring all projects are revised against Applicable Requirements</i> ▪ <i>Financing projects only when they are expected to be operated & maintained in a manner consistent with Applicable Requirements</i> ▪ <i>Ensuring transparency and disclosure in its activities</i> ▪ <i>Ensuring that management and shareholders of the Fund Manager and investee companies understand the policy commitments of JSPE</i>
Has senior management signed off on the updated policy/procedure?	NA	If yes, please provide the date and internal communication indicating the same.
Has the budget for implementation of the policy/procedure been revised from the previous year?	No	If yes, please provide details of the budget allocated and reasons for the change.
Please describe any activities for the last FY for staff training and other internal communication		<i>The deal/investment teams were given a detailed presentation by Director Business Development on SEMS and its application at various stages of the investment cycle.</i>
Give details of any transactions rejected on environmental, health, safety or social grounds	None	
State any difficulties and/or constraints related to the implementation of the environmental procedures	None so far	<i>Since the JSPE portfolio currently contains three Category C and one Category B project, there are not any major environmental and social concerns to be addressed.</i>
Please describe how you ensure that your clients and their projects are operated in compliance with the		<ul style="list-style-type: none"> – <i>SEMS is followed for every investment made by JSPE.</i> – <i>At the deal identification stage a screening</i>

National laws and regulations and (if applicable) the IFC Performance Standards		<p><i>procedure is undertaken to classify the project as per IFC categorization (A,B or C). The national environmental and social regulations/ laws the project would be required to fulfill are also ascertained.</i></p> <ul style="list-style-type: none"> – <i>The compliance requirements to be met by the investee are listed in the Term Sheet, which summarizes the main features of the financing agreement between JSPE and the investee. This is submitted to the investee for negotiation and approval.</i> – <i>Internal due diligence is carried out. This includes examination of certificates and documents of compliance from regulatory authorities (e.g Labour Dept., EPA), interviews with staff and site visit of facilities.</i> – <i>If national law or IFC Performance Standards require an IEE or EIA to be carried out, external consultants are hired for the purpose and an Environmental Management Plan (EMP) may be developed to mitigate impacts.</i> – <i>The project is monitored through the life of the investment to ensure continued environmental and social compliance.</i> – <i>Monitoring reports are prepared and submitted to senior management. The frequency of the reports is dependent upon the nature of the project .</i>
Please provide two sample internal E&S review reports conducted for projects considered last year. (Only if following IFC's PS is an Applicable Requirement)		<i>Attached</i>
Please give details of any material environmental and social issues associated with investees during the reporting period in particular	<i>None</i>	
Do you consider compliance with national laws as part of your credit review process, when considering potential investments?	<i>Yes</i>	<p>If yes, please describe the process including any environmental and social considerations if applicable.</p> <p><i>Legal due diligence is carried out for every project being considered for investment. With respect to E&S compliance, applicable national laws are identified and the company is</i></p>

		<i>required to demonstrate compliance as a precondition to investment.</i>
Do you review the operational performance (non-financial) performance of industrial facilities you invest in?	<i>Yes</i>	If yes, please describe the process including any environmental and social considerations if applicable. <i>At present there is only one industrial facility that has been invested in (EPCL). However, review of operational performance is included in JSPE's SEMS and will be carried out through regular monitoring and reporting.</i>
Do you conduct site visits for any industrial facilities you invest in?	<i>Yes</i>	If yes, please provide % of projects that are covered, and describe the aspects covered in the site visit including any Environmental and Social considerations if applicable. <i>Site visits are part of the environmental screening process to which potential investments are subjected. Currently only one industrial facility (EPCL) has been financed.</i>
Do you know whether your clients and their projects are in compliance with the relevant environmental, health and safety regulations of the host country?	<i>Yes</i>	If yes, please describe the process. <i>The relevant laws and regulations specific to the client's operational sector are identified and clients are requested to submit documentary proof of compliance. Site visits and interviews with staff are also conducted.</i>
Have you invested in projects that entail acquisition of land?	<i>No</i>	If yes, please explain the extent of land acquisition and any due diligence conducted by you.
Please indicate whether you have worked with with any International Finance Institution (for instance, ADB, EBRD, IDB, NIB, IFC) and have used their environmental and social guidelines.	<i>No</i>	If yes, please provide the dates worked with the IFI and details of any environmental and social procedures followed. <i>ADB's Environmental Assessment Guidelines 2003 and sectoral guidelines developed by IUCN for Government of Pakistan are consulted for E&S reviews and assessments.</i>
Do you regularly update the Social & Environmental Management System (SEMS)?		If yes, please explain frequency and indicate number of updates since start. <i>SEMS has been instituted and operationalized during the current reporting period. It will be reviewed annually and amended if required.</i>
Capacity	<i>Yes/No</i>	
Please provide current staffing of the		<i>Environmental and Social Sustainability (ESS)</i>

core SEMS people as well a list other people in the organization involved with the SEMS implementation		<i>Manager (1) – responsible for overall management of the ESS Department. A resourcing plan is under preparation, under which 1 – 2 staff members will be hired during the coming year.</i>
What was the budget allocated to the SEMS and its implementation during the year? Please include staff costs, training as well as any actual costs.	<i>Yes</i>	<i>\$60,000/year budgeted for the position of Environmental & Social Sustainability Manager.</i>
Has the SEMS team undergone any training?	<i>No</i>	If yes, please describe the training provided to the Environmental Coordinator and other team members during year. <i>ESS Manager will be attending IFC's training for private equity funds scheduled to be held in the last quarter of 2008.</i>
Does the Fund have regularly scheduled training for other departments in the organization?	<i>No</i>	If yes, please describe the training provided to credit officers, legal officers, marketing officers on implementation of the SEMS and give details regarding training format and frequency. <i>The ESS Department has recently been instituted and its work plan is being developed. Training for other organizational departments will be included in the workplan.</i>
Monitoring	<i>Yes/No</i>	
Do you receive any non-financial reporting from industrial projects you invest in?	<i>No</i>	If yes, please describe and provide supporting documents including any environmental and social considerations if applicable <i>JSPE has invested in only one industrial project to date. This is the Category B Engro Polymer Chemicals Limited (EPCL) expansion and backward integration project.</i> <i>As further investments are made in Category A and B projects, the ESS department will regularly monitor each project. The monitoring frequency will be determined individually for each portfolio company depending upon the magnitude and nature of E&S impacts. Alternately, companies may be required to submit E&S reports and monitoring may be carried out subsequently.</i>
Please describe how you monitor investee environmental performance.		If yes, please describe and provide supporting documents.

<p>Please provide the following information</p> <ul style="list-style-type: none"> - Number of projects in portfolio classified as category A or B - Number providing annual reports - Number of projects where a field visit was conducted by a bank staff to review aspects include Environmental and Social issues 		<p><i>Currently there are no Category A projects and only one Category B project (EPCL) in JSPE's portfolio. The EPCL project is also directly financed by IFC. Being a Category B project, an EIA was conducted by a consulting firm and IFC independently carried out an environmental and social review before investment was made. JSPE undertook a due diligence exercise for the project but a site visit has not yet been made due to the unavailability of relevant EPCL staff.</i></p>
<p>Please provide details of any accidents / litigation / complaints /regulatory notices and fines:</p> <ul style="list-style-type: none"> - Any incidents of non-compliance with Applicable Requirements - Covenants/ conditionality imposed by the Bank as a result of any non-compliance 	<p><i>None</i></p>	
<p>Do you check for ongoing compliance of your investments with national regulation and any other requirements?</p>	<p><i>Yes</i></p>	<p>If yes, please describe the process including any Environmental and Social considerations if applicable</p> <p><i>The portfolio companies are being monitored for the duration of JSPE investment. Updated compliance documents and certificates are requested from the companies on an annual basis.</i></p>
<p>Reporting</p>	<p><i>Yes/No</i></p>	
<p>Is there an internal process to report on environmental and social issues to Senior management?</p>	<p><i>Yes</i></p>	<p>If yes, please explain process, reporting format and frequency.</p> <p><i>Monthly reports are submitted.</i></p>
<p>Do you prepare any environmental reports</p> <ul style="list-style-type: none"> - For other MLAs - Other stakeholders - E&S reporting in the Annual Report - Sustainability reports 		<p>If yes, please provide copies of these reports.</p> <p><i>JSPE's ESS department will publish a quarterly online newsletter beginning in the last quarter of 2008. Reporting on E&S aspects will also be included in the JS Group's annual newsletter and Annual Report.</i></p>
<p>Do you have a process to inform IFC of any material change of business?</p>	<p><i>Yes</i></p>	<p><i>Through quarterly Fund Manager reports to LP's</i></p>
<p>Do you inform IFC if there is any incident/accident at one of the projects?</p>		
<p>Do you report to IFC as per the agreed</p>	<p><i>No</i></p>	<p><i>There is no agreed schedule for reporting to</i></p>

upon schedule and format?	<i>IFC other than the Fund Manager reports. JSPE adheres to the reporting format for Environmental compliance provided by IFC</i>
