Featured Discussion

2007 Online Discussion Series on Results-Based Monitoring and Evaluation on the Ground

The discussion theme for the year, as agreed during the CoP-MfDR's action planning meeting held last September 2006 in Singapore, is Establishing a Results-Based M&E System on the Ground. The CoP-MfDR Coordinating Committee encourages members to actively participate in the dialogue, raise questions, and share good practice stories. Assisting us is [Ray C. Rist](#), a well-known M&E expert. The discussion is divided into 4 modules, each to be discussed for 2-3 months.

Current Topic (October to November): Implementation of Results-based M&E

Mr. Ray Rist conducts a Results-based M&E Training Program at the Asian-Pacific Finance and Development Center in Shanghai, PRC
